

1 6mm diameter pigtail wire

AI Overview

1.6mm diameter pigtail wire is a galvanized spring steel spiral used primarily for fixing insulation materials like mineral fibre boards. Description and Material 1.6mm pigtail wire is typically made from galvanized sprung steel, which provides both strength and flexibility for secure fixing. The spiral design allows it to act as a screw-like fastener, holding insulation boards firmly against structural surfaces. The wire is corrosion-resistant due to galvanization, making it suitable for long-term use in building applications. Applications Fixing mineral fibre boards and other insulation materials in walls, ceilings, and ducting. Fire protection: Often used in fire-stopping systems and to secure insulation around structural steelwork. Rainscreen cavity barriers: Provides a reliable method to attach insulation in commercial and industrial buildings. Sizes and Packaging Pigtail wires are available in various lengths while maintaining the 1.6mm diameter, including 40mm, 50mm, 65mm, 75mm, 90mm, 100mm, 110mm, 120mm, 140mm, 160mm, 180mm, and 200mm. They are commonly sold in packs of 10, 100, or 1000 pieces, depending on project requirements. Installation These wires are designed to be installed using a Pozidrive or Philips screwdriver bit, allowing for rapid and secure fixing of insulation materials. The spiral shape ensures a tight grip without the need for additional fasteners. Additional Notes The wire is non-hazardous in normal use. It can be sourced from specialist suppliers such as CEVaC, Fixings Plus, and Firestopping Shop. For custom applications, 1.6mm wire is also available in various steel grades for machining or fabrication purposes. This makes 1.6mm pigtail wire a versatile and reliable solution for insulation and fire protection installations in both residential and commercial construction projects.

Wire Screws, Manufactured Using 1.6mm in Diameter Galvanised

Pigtail wire screws are a completely non-hazardous product when used as intended. Our wire screws are manufactured using 1.6mm in diameter galvanised spring wire. The screws are easily used to

Shop For Spiral Pigtail Screw fixings pk-100. Place order by 1:30pm ...

Pack of 100 - Spiral Pigtail screw fixings For use to fix mineral fibre board and other insulation materials. Specification: 1.6mm dia Galvanized spring wire Tools: Pozidrive / Philips screw driver bit for rapid

MOTOALL 5 Kits 2 Pin Way 16 AWG Waterproof Connector Male

About this item Material: Nylon; Operating temperature: -10°C~+80°C 2 position rectangular black housing connector (hole diameter: 0.24" / 6mm); Already pre-assembled with 16 AWG wire, wire

1-Wire Pigtails & Sockets

1-Wire Pigtails & Sockets Single Contact Socket Assembly. Used in older cars and trucks with bayonet style mounting. Includes phenolic disc & weatherproof boot. Replaces GM #88861063. Replaces

Insulation Fixings

We supply a comprehensive range of Self Adhesive (Stickpins) and Perforated Base Hangers in Steel, Aluminium and Stainless Steel. Welding Guns and suitable

Pigtails

Standard cable diameter is 900 micron with easy strip buffering. Ruggedised pigtails can also be supplied in 1.6mm, 2mm and 3mm. Contact Prysmian for further information. 900 micron pigtails are

Fancasee 16AWG DC Power Pigtail Cable, 5.5mm x 2.5mm DC

Product Description This is 5.5mm x 2.5mm DC power pigtail cable, 5.5x2.5mm male power plug jack adapter to bare wire repair DIY cord. 16AWG heavy gauge DC power pigtail cable with high-quality

Wire spring pig tail spiral fastener

Made from 1.6mm diameter galvanised steel wire Spiral design ensures a secure hold Can be installed with a standard Phillips or pozi drive

2.5mm DC Power Jack w/ 6" Cable

2.5mm barrel jack pigtail with 1ft cable, 16 AWG wire—perfect for DC power connections in electronics projects.

1.6mm Wire | McMaster-Carr

Choose from our selection of 1.6mm wire in a wide range of styles and sizes. Same and Next Day Delivery.

16 Pin Connector Waterproof Electrical Plug Automotive Wire Pigtail ...

Product Summary: 16 Pin Connector Waterproof Electrical Plug Automotive Wire Pigtail Cable for Car Vehicle Motorcycle, Trucks, Boats, Trailers, Electric Vehicle, Household Yard Lighting Systems

Shop For Spiral Pigtail Screw fixings pk-100. Place

Spiral Pigtail Screw fixings - pack of 100 For use to fix mineral fibre board and other insulation materials. Specification: 1.6mm dia Galvanized spring wire Tools:

DC Power Female Jack Connector Pigtail for CCTV Camera (100

Provide an essential addition to your car by by choosing this SPT DC Power Female Jack Connector Pigtail for CCTV Camera.

Pigtail Screw Fixing

Galvanized spring wire pigtails are typically used for the fixing of mineral fibre board and other insulation materials that are used in the fire protection of structural steelwork, fire barriers and ducting.

Spiral Pigtail Screws — Galvanised Spring Wire Fixings

Galvanised spring wire spiral pigtail screws for fixing mineral fibre board and insulation materials used in the passive fire protection of structural steelwork and

Pigtail 16 AWG Cable Assemblies

Pigtail 16 AWG Cable Assemblies are available at Mouser Electronics. Mouser offers inventory, pricing, & datasheets for Pigtail 16 AWG Cable Assemblies.

2Pack 16AWG DC Power Pigtails Cable,2.1mm x

About this item 16AWG DC Cable: Double 1.5mm² copper wire, thicker wire diameter provide faster and more stable conductivity DC 5521 power supply

Pigtail 16 AWG DC Power Cords – Mouser

Pigtail 16 AWG DC Power Cords are available at Mouser Electronics. Mouser offers inventory, pricing, & datasheets for Pigtail 16 AWG DC Power Cords.

Wire spring pig tail spiral fastener

Galvanised sprung steel pigtail spiral screw for fixing mineral fibre board and other insulation materials. Ideal for use with fire stopping & rainscreen cavity barriers.

Pigtails | McMaster-Carr

Choose from our selection of pigtails, including gauge siphon tubes, power cords, and more. Same and Next Day Delivery.

10 Pairs DC Barrel Female Plug

These pigtail cables feature a standard barrel size compatible with most 12V power supplies and LED applications. The bare wire ends allow for versatile connections, making these connectors ideal for

Verified Supplier 1.6mm Steel Wire 3k+ | Alibaba

Known for its strength and durability, this type of wire serves a multitude of applications ranging from construction to arts and crafts. The thick, yet pliable nature of 1.6mm steel wire makes it an ideal

VersaCross™ Access Solution

Find out more about the technical specifications of our VersaCross™ Access Solution RF wire and transseptal sheath.

Product Data Sheet Galvanized Spring Wire Pigtail Fixing

Product Description / Specification Galvanized spring wire pigtails are typically used for the fixing of mineral fibre board and other insulation materials that are used in the fire protection of structural
