

1G access switch warranty

Overview

The EULA and other supporting documents are available on the HPE Aruba Networking Product Warranty page: <https://www.com/support-services/product-warranties/> Specific warranty terms and responsibilities can be found in the Warranty End User License Agreement (EULA). This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. Whether you're managing a hotel, multi-dwelling residential property, or an educational institution, this family of switches provides the reliability and. Designed for enterprise applications, the EPS and AS4600 series are high-performance Gigabit Ethernet access switches, featuring between 30 and 54 ports. The 1G series also excel as management switches, with PoE models supporting up to 90W.
