

A2 Distribution Box

Overview

This Budvill Junction Box A2, also known as an electrical enclosure or distribution box, is a versatile and reliable solution for your various needs. Our flexible distribution boxes enable reliable, decentralized signal transmission and power transmission up to protection class IP67 – wherever passive distribution boxes are required. IP54 Rating: Provides protection against dust and water. A compact distribution box for fiber optics with pre-installed multimode MPO to LC fan-out for DIN-rail mount or directly on wall. Both the lid and the adapter plate may be removed, making simple access for working in the box. High density fiber optic management system reduces needed space. This manufacturer mainly exports to Thailand, Indonesia, and the Philippines, with a high positive review rate of 89. Chat with supplier now for more details.
