

ABB Relay Protection Device Price

AI Overview

ABB protection relay prices vary widely depending on the model, functionality, and region, typically ranging from a few hundred to several thousand USD per unit. Overview of ABB Protection Relays ABB offers a range of numerical and multifunctional protection relays for medium-voltage and digital substations, including models like REX615 and REX640. These relays are programmable and designed for applications such as overcurrent, differential, and distance protection. Pricing Information Official Online Configurator: ABB provides a step-by-step tool to select and configure relays according to your application needs. This platform allows users to generate an ordering code and request a quotation, which is the most accurate way to determine the price for a specific model. E-commerce Platforms: In the Philippines, platforms like Lazada and Shopee list ABB protection relays with approximate prices and discounts. Prices can vary depending on the seller, model, and shipping options. Price Lists: ABB also publishes official price lists for electrification and protection products, which can be downloaded for reference. These lists provide catalog numbers and product categories but may require contacting ABB or distributors for current pricing. Factors Affecting Price Model and Functionality: Basic overcurrent relays are generally less expensive, while multifunctional digital relays with advanced communication protocols cost more. Region and Distributor: Prices differ by country due to taxes, import duties, and shipping. Quantity and Bulk Orders: Large orders may qualify for discounts or special pricing. Additional Features: Options like remote monitoring, communication modules, or software licenses can increase the total cost. How to Get an Accurate Price Visit the ABB Relays-Online configurator to select your relay and generate a quotation. Check local ABB distributors or official online stores like Shopee or Lazada for regional pricing. Contact ABB sales representatives directly for bulk orders or specialized ap...
