

Argentine electrical distribution box wiring manufacturer

AI Overview

Key Argentine manufacturers for electrical distribution wiring include LVH S.A., Conductores RG, Industrias ERPLA, and Myselec, offering solutions for low, medium, and high-voltage applications. Leading Manufacturers LVH S.A. – Founded in 1997, LVH specializes in manufacturing electrical cables and harnesses for diverse applications, including power supply, signal transmission, and industrial automation. Their products are made to UL standards and can be customized to client specifications, serving sectors such as electronics, irrigation systems, and industrial equipment . Conductores RG S.R.L. – Established in 1984, this company produces high-quality electrical and telecommunications conductors. They operate under national and international standards, with advanced testing laboratories ensuring product reliability. Conductores RG supplies major energy and telecom companies across Argentina and Latin America . Industrias ERPLA – Operating since 1969, ERPLA manufactures electrical conductors and cables for distribution networks. They maintain ISO 9001:2015 and ISO 14001:2015 certifications, emphasizing quality management and environmental compliance. Their products are widely used in public works and industrial projects throughout Argentina . Myselec – Focused on energy distribution, Myselec provides products for low, medium, and high-voltage networks, including cable protection solutions and tools for insulation stripping. They cater to industrial and utility sectors, supporting both installation and maintenance of electrical distribution systems . Additional Considerations These manufacturers offer a range of solutions suitable for residential, commercial, and industrial electrical distribution, including structured cabling, automation components, and high-voltage conductors. When selecting a supplier, consider regulatory compliance, product cer...
