

Can fiber optic cables be mounted on an 86-type panel

Overview

Built to standard 86-type dimensions (86x86mm), it enables seamless installation in wall-mounted scenarios. The unit accommodates two SC adapters and allows flexible routing of 3. It can be installed only in an 86-type electrician box that is empty or has only weak current. Lead the cable out of the wall through the cable hole of the bracket. Align the bracket with the screw holes on the. The indoor 86mm type FTTH mini fiber optic faceplate employs a compact plug-in design, combines a modern design concept, adopts imported plastic, is of a graceful appearance and applicable for FTTH, FTTO and FTTD, etc. The clasp design of. FTTH 86 Type Fiber Optic Terminal Boxes with 2 Port Inlet / Outlet This fiber termination box is designed for use in residential and business applications for the termination of up to 2 fibers.
