

Canadian Fireproof Cable Tray Factory

AI Overview

Top Canadian manufacturers of fireproof and CSA-approved cable trays include Superior Tray, Unitray, and CER/Niedax, offering durable, high-quality solutions for industrial and commercial projects. Superior Tray Systems Inc. Superior Tray is a leading Canadian manufacturer specializing in custom-designed, robust, and cost-effective cable tray systems. Their products are CSA and UL certified, suitable for power, control, data, and telecom cables. They offer a variety of tray types, including ladder trays, solid bottom trays, and perforated trays, designed for both small and large cables. Superior Tray emphasizes reliability and flexibility, making them ideal for industrial and commercial electrical installations. Unitray manufactures aluminum cable trays with CSA approval for Class C, D, and E applications. They provide standard lengths of 3m, 5m, and 6m, with custom lengths available. Their FASTRAY® system is designed for easy installation, fewer components, and higher load capacities, making it suitable for demanding environments. Unitray maintains ISO certifications and adheres to strict health, safety, and quality standards, ensuring long-lasting performance and compliance with fire-resistant requirements. CER / Niedax Canadian Electrical Raceways CER, part of the Niedax Group, has over 30 years of experience producing CSA-approved cable trays, ducts, floor boxes, and wire mesh trays. Their products are designed for high-quality cable management, offering practical and cost-effective solutions for electricians, engineers, and architects. CER emphasizes innovation, safety, and reliability, and can collaborate on custom solutions to meet specific project requirements. Summary For Canadian projects requiring fireproof or CSA-approved cable trays, Superior Tray, Unitray, and CER/Niedax are the most reputable manufacturers. They provide a wide range of ladder, perforated, solid, and wire mesh trays, with options for customization, high durability, and compliance with safety standards. Choosing any of these manufactu...
