

Custom Metal Fireproof Cable Tray Manufacturer

AI Overview

Leading manufacturers of metal fireproof cable trays include Meka Pro, NewReach, Armorduct Systems, Basor Electric, and HERMI Solutions, offering fire-resistant, high-quality cable management systems compliant with international standards. Key Manufacturers and Offerings Meka Pro specializes in fire-resistant cable support systems tested according to EN 1363-1 standards. Their portfolio includes over 1,200 fire-tested products designed to maintain electrical supply during fires, prevent collapse, and avoid toxic fumes. Meka Pro emphasizes compliance with international standards and proper installation by qualified personnel to ensure safety and reliability. NewReach manufactures fire-rated cable trays using premium materials such as stainless steel, galvanized steel, tempered glass, and fire-resistant polyester fiberglass. Their trays feature specialized fire-resistant coatings and are tested to ISO 834-1, EN 1363-1, DIN 4102-12, and AS/NZS 3013:2005 standards. With a WS5X classification, they provide a 2-hour fire rating at up to 1050°C, supporting heavy loads and ensuring clear rescue routes. Armorduct Systems is a UK-based manufacturer offering steel cable management systems, including trays, baskets, trunking, and bespoke solutions. They provide both standard and custom designs, manufactured in-house to meet specific project requirements. Basor Electric focuses on maintaining circuit integrity during fires. Their cable trays undergo rigorous fire resistance testing to ensure critical installations like emergency lighting, smoke extractors, and fire alarms remain operational. They follow European and international standards to verify performance under extreme fire conditions. HERMI Solutions provides fire-resistant cable trays for constructing safe cable paths. They offer standard and lightweight options for surface cable laying and provide expert g...
