

Dimensions of Outdoor Cabinet-Type Distribution Boxes

Overview

Dimensions: 1200mm x 800mm x 2000mm. Electrical Specifications: Rated voltage 220V AC, maximum current capacity 1000A, frequency 50Hz. Protection Rating: IP65 rating. Operating Temperature Range: -40°C to +60°C. Safety Features: Internal safety isolation, overcurrent protection. An outdoor electrical distribution box serves as the critical junction point where incoming power lines are split into multiple branch circuits for outdoor installations, parking lots, building exteriors, and industrial facilities. No matter how harsh the environment is, there is always a proper enclosure for your needs. From powering homes and industrial facilities to supporting medium-voltage infrastructure, these enclosures ensure safe, efficient, and reliable power distribution. Whether it's a small electrical. Designed for underground or outdoor distribution systems, the Cable Distribution Box offers a tamper-resistant and weatherproof solution for medium voltage control and protection. Outdoor Waterproof Enclosure Box originally developed for modern industrial and residential applications, the TSM series.
