

Does the Huijue surveillance switch have an optical port

Overview

The switches support Hi-PoE, long range, port isolation, and PoE watchdog function. 3ab, and IEEE 802 test and restart the cameras that do not re Supports 1 to 4 PoEVIP ports enjoy higher priority and more stable transmission when the switch is overloaded. It's recommended to connect cameras in critical areas to VIP ports. 3at/af standard for PoE ports. The following uses the Moduletek SFP-10G-LR module connected to a Huawei S6700 switch as an example to introduce how to read information of the connected optical module on a Huawei switch. Optical Module Status Check Run the. Forwarding Rate, also known as port throughput. In general, the forwarding rate for a low-end router is from a few K to a few ten Kpps, while for a high-end router, the value could reach.
