AI Overview

The average price for spectrometers in the Dominican Republic is around \$9,900 per unit, with new high-end models ranging from \$3,000 to \$60,000 depending on features and specifications. Price Overview In the Dominican Republic, spectrometers and spectrophotometers have an average export price of approximately \$9,900 per unit as of 2023, reflecting a decline of about 12.7% from the previous year, with prices varying significantly based on model, sensitivity, and additional features . Globally, new spectrophotometers typically range from \$3,000 to \$60,000, while used units can cost between \$1,000 and \$30,000 depending on condition and brand . High-end models with advanced fluorescence detection or extended UV-Vis ranges are at the upper end of this spectrum. Local Suppliers Several reputable suppliers in the Dominican Republic offer spectrometers, including Aditya Systems (LADA brand), which provides customizable, high-quality instruments with competitive pricing and reliable customer support . They accept direct inquiries for quotes and can provide guidance on dustproof or specialized models. Purchase Options Online marketplaces like LabX and eBay offer both new and used spectrometers, allowing buyers to compare prices and request quotes from multiple vendors . Amazon also lists a variety of spectrophotometers, though availability of dustproof models may vary . For specialized dustproof models, contacting local suppliers directly is recommended to ensure the instrument meets environmental protection standards. Recommendation To obtain a precise price quote for a dustproof spectrometer, it is best to submit an inquiry directly to local suppliers such as Aditya Systems or request quotes through online platforms like LabX. Include specifications such as dustproof rating, wavelength range, and sensitivity to receive an accurate e...
