

Exhaust Fan for Ductwork and Cable Trays

Overview

Also known as axial duct fans, they install inline in ductwork for use as an exhaust, supply, or booster fan. The fans have a totally enclosed motor enclosure, which can be used in dirty, dusty, and damp environments. Insert these fans directly into your ductwork. They give small heaters and air conditioners a boost to circulate air through ductwork. This resistance, known as static pressure. AC Infinity AIRTAP T4 White, Register Booster Fan for 4" x 10" Register Holes, Improves Heating & Cooling Vents, Quiet 10-Speeds, Bluetooth App Control Data Alerts. ONLY FITS 4" x 10" Duct Openings Hon&Guan Inline Duct Fan 469 CFM, 6 inch inline fan with Variable Speed Controller EC Motor, 6 inch.
