

Fiber Optic Cable Fittings Price List

AI Overview

Fiber optic cable fittings, including connectors, adapters, and splices, typically range from \$0.13 to \$6 per foot for materials, with installation costs adding \$0.60 to \$3 per foot depending on complexity.

Material Costs Fiber optic cable fittings include connectors, adapters, splices, and terminators, each affecting overall cost. Prices vary by type, fiber mode, and strand count:

Connectors: LC, SC, ST, FC, MPO, and MT-RJ are common. Retail prices range from \$1 to \$6 per foot for pre-terminated assemblies, with bulk purchases reducing costs by 20–40%.

Patch cables and pre-terminated assemblies: Higher due to factory termination and testing. A simple 1-core FTTH drop cable costs around \$0.13 per foot, while a 288-strand backbone cable can reach \$6 per foot.

Adapters and duplex sleeves: Typically included in connector assemblies; prices vary by manufacturer and quality.

Splices: Fusion or mechanical splices are priced per unit, often \$2–\$10 each, depending on precision and fiber type.

Installation Costs Installation adds significant expense, influenced by terrain, conduit, and labor:

Labor: \$0.60–\$3.00 per foot, higher for trenching or complex terminations.

Permits and delivery: \$100–\$900 depending on project size and location.

Total project examples:

- Basic indoor run (1,000 ft): Cable \$0.40/ft, Labor \$1.00/ft, Permits \$150, Accessories \$100 → Total ≈ \$2,650–\$3,100.
- Mid-range outdoor run (2,000 ft): Cable \$0.70/ft, Labor \$1.60/ft, Permits \$350, Delivery \$120, Accessories \$250 → Total ≈ \$4,940–\$6,120.
- Premium outdoor armored run (5,000 ft): Cable \$1.00/ft, Labor \$3.00/ft, Permits \$900, Delivery \$350 → Total ≈ \$11,000–\$14,500.

Factors Affecting Price

Fiber type: Single-mode (long-distance) vs multimode (short-distance) affects both cable and connector cost.

Installation environment: Indoor, outdoor, aerial, or underground runs influence labor and material requirements.

Connector type and strand count: High-density MPO or multi-fiber connectors cost more than single-fiber LC or SC connectors.
