

Fiber Optic Cable Fittings Purchase Price Inquiry

AI Overview

Fiber optic cable fittings, including connectors, adapters, and pigtails, range from approximately \$0.50 to \$40 per unit depending on type, fiber count, and pre-termination. Fiber Optic Connectors and Adapters Standard connectors (SC, LC, ST, FC) typically cost \$0.50 to \$5 per piece for bulk or retail purchases, depending on manufacturer and quality. High-performance or specialty connectors (e.g., E2000®, angled physical contact APC) can range from \$5 to \$40 per unit, especially when pre-terminated or factory-polished. Adapters and couplers for connecting two fibers generally cost \$1 to \$10, depending on type and insertion loss specifications. Fiber Pigtailed and Patch Cables Single-mode fiber pigtails: \$1 to \$5 per unit for standard lengths (1–3 meters), with prices increasing for specialty connectors or low-loss variants. Multimode fiber pigtails: \$0.50 to \$3 per unit, commonly used for in-building or data center applications. Pre-terminated patch cables: \$2 to \$20 per cable depending on fiber type, strand count, and connector type. Bulk and Custom Solutions Bulk fiber optic cable fittings purchased directly from distributors or manufacturers can reduce per-unit costs by 20–40% compared to retail. Custom assemblies (e.g., trunk cables, FTTx drop cables, or multi-strand pre-terminated cables) are priced based on fiber count, length, and connector type, typically ranging from \$10 to \$100+ per assembly. Splice boxes, enclosures, and tools: \$20 to \$200 depending on capacity and features. Recommended Suppliers Mouser Electronics: Offers a wide range of fiber optic connectors and adapters with unit pricing and same-day shipping. DigiKey: Provides fiber optic cables, patch cords, and connectors with detailed specifications and pricing. EFB-Elektronik: Specializes in single-mode and multimode cables, pre-terminated assemblies, and custom solutions. FibreDistributi...
