

Gabon underground optical cable manufacturer

Overview

In recent years, Gabon has vigorously developed urban construction. (GL) successfully won the bid for its large-scale buried optical cable project, with a project scale of more than 10 million US dollars. The telco, which is already part of the ACE subsea cable consortium, signed a construction and maintenance agreement with Medusa Africa to land the cable in the West African country. Powered by AFR-IX Telecom, the Medusa. Gabon is one of our key trading partners in the African market. Low population density combined with abundant natural resources and foreign personal investment have helped Gabon become the most prosperous country in the region, and its Human Development Index is also the highest in sub-Saharan. ETK Kablo is a leading Turkish manufacturer of fiber optic cables and low-voltage communication cables, supplying high-quality solutions to more than 120 countries worldwide. The headquarters of the ISO 9001 certified company is located in Jena, Germany, the center for. ACE Gabon is set to land the Medusa subsea cable in Port-Gentil, Gabon. We anticipate market needs, innovate and constantly refine our manufacturing processes and products to deliver faster speeds and more flexible.
