

Global Optical Module Brand

AI Overview

Top global optical module brands include Xutron Technology, II-VI (Finisar), Huawei (HiSilicon), InnoLight, Hisense Broadband, Eoptolink, Accelink, Cisco, Coherent, and Intel. Leading Optical Module Suppliers The current top global optical module suppliers are dominated by Chinese companies, reflecting their growing competitiveness in the optical communications market, alongside established U.S. and international players . Key brands include: Xutron Technology – Ranked first globally, Xutron has become a leading supplier of high-speed optical modules, including 100G, 200G, 400G, and 800G solutions . II-VI (acquired Finisar) – A major U.S.-based supplier, II-VI provides a wide range of optical transceivers and coherent modules for telecom and data center applications . Huawei (HiSilicon) – Offers high-end optical modules for 5G fronthaul, midhaul, backhaul, and core networks, with strong investment in local supply chains . InnoLight (Zhongji Innolight) – Specializes in high-speed optical communication transceivers and coherent modules, serving cloud data centers and telecom networks . Hisense Broadband – Focuses on optical modules for broadband and telecom applications, maintaining a strong presence in the Chinese market . Eoptolink – Provides high-performance optical modules and devices for ICT industries, including data centers, FTTx, LTE, and smart grids . Accelink – Offers a variety of optical transceivers and modules for telecom and data communication networks . Cisco – Through acquisitions like Acacia, Cisco supplies coherent optical modules and transceivers for enterprise and carrier networks . Coherent – Provides high-end optical modules, including coherent DWDM solutions, after acquiring Finisar . Intel – Supplies optical transceivers and modules for data center and networking applications . Market Trends Chinese suppliers now occupy the majority of the top 10 positions, reflecting strong domestic investment and global expansion . High-speed modules (100G, 400G, 800G) are increasingly in demand due to cloud data centers and 5G network deploy...

Optical Transceiver Market: Top 10 Manufacturers Ranked

Optical transceiver market leaders: the top 10 manufacturers powering 400G and 800G modules for hyperscale data centers and AI networking.

Global Optical Module Suppliers TOP10 Ranking Changes

Overall, the market share and ranking of Chinese optical module suppliers has gradually increased over the past few years, while the number of overseas suppliers has gradually decreased.

Optical Modules Market Research Report 2034

Optical Modules Market Outlook 2025-2034 The global optical modules market was valued at \$14.8 billion in 2025 and is projected to reach \$39.6 billion by 2034, advancing at a compound annual

The latest ranking of the TOP10 global optical module suppliers ...

The figure above illustrates the changes in the list of TOP10 optical module suppliers over the past 12 years. LightCounting pointed out that since 2018, most suppliers in Japan and the

Top 10 Global Optical Modules in 2023: Chinese Manufacturers

LightCounting stated that the above chart shows the changes in the TOP10 list of optical module suppliers over the past decade or so. By 2018, most Japanese and American manufacturers

10 companies in the optical transceiver industry chain 2024

To help you choose the best partner, this article will analyze and introduce 10 companies in the optical transceiver industry chain for you.

Top 10 Optical Module Brand & Manufacturers

Find the Top 10 Optical Module brand, manufacturers, and exporters. Get the contact details and addresses of companies producing Keywords.

10 Best Fiber Optic Manufacturers for 2026

Discover the best fiber optic manufacturers globally, offering cutting-edge multimode and single mode fiber solutions. See who tops the list for quality and innovation.

Top Optical Modules Companies & How to Compare Them (2025)

Access detailed insights on the Optical Modules Market, forecasted to rise from USD 3.5 billion in 2024 to USD 8.2 billion by 2033, at a CAGR of 10.3%. The report examines critical market...

Who are the Top Optical Transceiver Manufacturers

Who are the Top Optical Transceiver Manufacturers? I have spent many years in the optical Get specs & pricing from ABPTEL — expert support available.

10 companies in the optical transceiver industry chain 2024

The rapid development of AIGC has promoted the demand for 800G optical modules, and the entire industrial chain involving optical components,

Top Optical Transceiver Manufacturers List (2024)

Explore the top optical transceiver manufacturers and their market share. Stay informed about revenue figures and the latest developments in the industry.

Martech News |Interviews, Insights & Video | MarTech Edge

MarTech Edge caters to marketing professionals covering martech news, articles, newsletters, press releases, also including video podcasts, reports and more.

Optical Transceiver Companies

Cisco Systems, Inc. offers optical transceiver modules used in various networking applications, ranging from campus to data centers to service provider networks. Its pluggable optics innovation,

Optical Module Chip Market 2025

The Global Optical Module Chip market was valued at US\$ 823 million in 2024 and is projected to reach US\$ 1.52 billion by 2032. Segmentation Analysis: Detailed breakdown by product type (Laser &

Global Optical Module Suppliers TOP10 Ranking Changes

Below are the changes in the global optical module supplier TOP10 ranking from 2021 to 2023, published by LightCounting, a market organization in the optical communications industry:

Top 10 Global Optical Modules in 2023: Chinese

Recently, LightCounting, a market research institution in the optical communication industry, released the latest version of the 2023 global optical

We are Nokia | Nokia

Nokia is a global leader in connectivity for the AI era, providing the critical network infrastructure the world relies on. Every day, we're

Optical Module Market

The Optical Module Market, valued at USD 30.01B in 2026, is projected to reach USD 66.94B by 2032, growing at a 14.1% CAGR.

Top 10 Optical module manufacturers in the World 2025

Are you curious about which optical module manufacturers stand out in today's competitive market? Understanding the top factories is crucial for making informed decisions. By knowing the best

20 Largest Fiber Optic Cable Companies in... | AIMIFIBER

Why Top 20: As the largest fiber-optic-cable manufacturer in the world, Prysmian's global reach and comprehensive product portfolio make them a dominant force

The latest ranking of the TOP10 global optical module suppliers ...

A few days ago, LightCounting, a well-known market research organization in the optical communication industry, released the latest market report and updated the TOP10 ranking of global

Deep Dive: Optical Module Market

Powering next-gen connectivity: How optical modules enable fast, reliable data transfer, and What are the opportunities for investors?

Top 10 Optical Transceiver Manufacturers in the World (2026)

Sourcing optics for your data center? Discover the top 10 optical transceiver manufacturers in 2026. Compare global giants and factory-direct OEM alternatives.
