

Guinea Construction Distribution Box Quotation

AI Overview

To obtain a quotation for a construction distribution box in Guinea, vendors must follow official RFQ procedures and adhere to detailed technical specifications provided by the contracting authority.

Current Quotation Opportunity

The United States Embassy in Conakry, Guinea recently issued a Request for Quotation (RFQ) for a large box truck with an electric lift, suitable for construction and fuel distribution purposes. The vehicle must be a 2024 or 2025 model, preferably from Toyota or IVECO, with a 4x4 drive system for off-road performance, and capable of operating in diverse climates and altitudes up to 4,000 meters.

Key Specifications

Purpose: Transportation and distribution of construction materials or fuel.

Engine & Transmission: Compliant with local emission standards, automatic transmission.

Drive & Suspension: 4x4 drive, leaf spring suspension front and rear.

Safety Features: Full air brake system, double fire extinguishers, electrostatic conducting tape.

Cab & Capacity: Two cabins with a total of 5 seats.

Tires & Toolbox: Radial steel tires with one full-sized spare, toolbox included.

Color & Steering: White, left-hand drive.

Documentation: Photos and technical details of the lifting system must be included in the quotation.

Submission Guidelines

Deadline: Offers must be submitted by the date specified in the RFQ (e.g., May 26, 2026, for the latest solicitation).

Eligibility: Open to automobile dealerships and responsible vendors capable of meeting the technical requirements. Vendors must ensure their SAM registration is current and complete.

Evaluation: Award is based on the lowest priced, technically acceptable offer. All offers must include completed FAR 52.212-3 forms and comply with applicable FAR clauses.
