

High Cost-Effectiveness of Mesh Cable Trays in Democratic Republic of Congo

AI Overview

Wire mesh cable trays in the Democratic Republic of Congo typically range from \$2 to \$25 per meter depending on material, type, and supplier, with bulk orders offering lower rates. Local Suppliers and Manufacturers Several reputable suppliers operate in the Democratic Republic of Congo: Jeetmull Jaichandlall (P) Ltd. offers high-quality wire mesh cable trays in various sizes, shapes, and colors, tailored to industrial and commercial needs. They emphasize durable construction and adherence to industry standards, serving both local and global markets with competitive pricing. Brilltech Engineers Pvt. Ltd. provides galvanized cable trays, including hot-dip galvanized options, suitable for electrical, automotive, and construction applications. Their products are known for corrosion resistance and robust structure, with custom manufacturing available for large projects. Price Ranges Wire Mesh Trays: Lightweight and ventilated, ideal for heat dissipation. Prices generally range from \$2 to \$15 per meter, depending on material and finish. Galvanized Steel Trays: Durable and corrosion-resistant, suitable for heavy-duty applications. Prices typically range from \$10 to \$25 per meter. Stainless Steel Trays: High corrosion resistance, more expensive, often used in industrial or outdoor environments. Prices can exceed \$30 per meter. Bulk Orders: Purchasing in large quantities can reduce costs significantly, sometimes by 30-50%, especially when importing from international suppliers. Factors Affecting Price Material: Steel, stainless steel, aluminum, or fiberglass. Tray Type: Ladder, perforated, solid-bottom, or wire mesh. Coating/Finish: Hot-dip galvanized, powder-coated, or pre-galvanized. Size and Customization: Width, height, and length of trays, plus bends, tees, and risers. Labor and Installation: Local labor costs and installation complexity. Shipping and Import Costs: Heavier trays and inter...
