

High-tech intelligent power distribution cabinet technology

Overview

Breaking the limitations of traditional power distribution equipment, the intelligent switchgear integrates status perception, intelligent control, remote linkage, video visualization and expert diagnosis. Leaders in rack power distribution units for nearly 40 years, Server Technology PDUs are the choice for Fortune 100 companies to technological startups. Our passion is to push back the boundaries of Rack PDU technology and deliver groundbreaking innovations in hardware and intelligence such as the. The PDU provides efficient and reliable power distribution capabilities, ensuring maximum uptime of IT equipment through intelligent features. Along side our significant feature list, global manufacturing, we pride ourselves on our customizations, post sale services and technical ability, we give. From May 5 to 7 local time, the three-day 2026 Frankfurt OPTATEC showcased Shenglong Electric's latest technological achievement in the electrical industry—the world's first AI-enabled distribution cabinet, the AI-iPanel. This milestone marks another large-scale application of Huatech's. Beijing, China-- (Newsfile Corp.
