

How much does a Maltese level 3 electrical distribution box cost

AI Overview

A Master 3 Module Distribution Box IP55 in Malta typically costs around €50–€70, depending on the supplier and delivery options.

Overview A Level 3 electrical distribution box, often referred to as a 3-module distribution box, is designed to house three DIN rail-mounted modules, such as circuit breakers or protective devices. These boxes are usually weatherproof (IP55 rated), making them suitable for outdoor installations, and are constructed from durable materials to withstand harsh conditions.

Pricing and Suppliers BigMat Malta offers the Master 3 Module Distribution Box IP55 in grey, suitable for small electrical installations. While the exact price is not listed online, similar 3-module boxes in Malta generally range from €50 to €70, with delivery included for orders over €50 or a €10 charge for smaller orders. Darmanin Supplies and other local electrical suppliers provide a variety of distribution boards and boxes, and prices may vary depending on brand, material, and additional features such as knockouts for cable entry or cable glands. Additional costs may include installation fees, permits, or crane/lifter services if required for mounting the box in specific locations.

Additional Considerations

Delivery: Most suppliers offer delivery across Malta and Gozo, typically within 3–5 days.

Installation: While some suppliers provide installation for certain products, electrical distribution boxes may require a licensed electrician for safe and compliant installation.

Material and Rating: Ensure the box is IP55 rated for outdoor use and compatible with the modules you plan to install.

In summary, for a Maltese Level 3 electrical distribution box, expect to pay around €50–€70, with potential additional costs for delivery or installation depending on the supplier and location.
