

# Kazakhstan Small Spectrometer Manufacturer

## AI Overview

Kazakhstan hosts several reputable manufacturers and suppliers of small and portable spectrometers, including Laboid International and Pacorr Testing Instruments, offering ISO-certified, high-precision devices for scientific and industrial applications.

**Key Manufacturers and Suppliers**

- Laboid International** Laboid International is a prominent spectrophotometer and spectrometer manufacturer in Kazakhstan, known for precision, durability, and global export capabilities. They provide a wide range of laboratory instruments, including small spectrometers suitable for research and industrial applications. Their products are recognized for quality and reliability, and the company emphasizes efficient logistics and prompt delivery across Kazakhstan and internationally.
- Pacorr Testing Instruments** Pacorr is a leading manufacturer of portable spectrophotometers in Kazakhstan, specializing in compact, high-precision devices for industries such as packaging, automotive, food & beverage, pharmaceuticals, and textiles. Their instruments are ISO 9001:2015 and CE certified, ensuring compliance with international standards. Pacorr focuses on innovation, technical support, and continuous R&D, making their small spectrometers suitable for both laboratory and field applications.
- Elips-Lab LLP** While primarily a supplier of laboratory equipment, Elips-Lab offers access to high-quality spectrometers from leading American and European manufacturers. They provide consultation, delivery, and commissioning services for devices not locally represented, which can include small spectrometers for specialized research or industrial use.
- Online Marketplaces and Directories** Platforms like The Trade Vision and Allbiz list verified spectrometer suppliers in Kazakhstan, including infrared Fourier spectrometers and other compact models. These directories provide contact...
