

Kuwait Cable Tray Ordering

AI Overview

Kuwait offers a range of cable tray suppliers and manufacturers, including Alnafaa Group, EBOMAC, Almeer Industries, Keplic, and Bahman Group, providing FRP, GRP, and GI cable trays with extensive fittings and customization options. Leading Suppliers and Manufacturers Alnafaa Group specializes in FRP/GRP cable trays, offering ladder and perforated types that are corrosion-resistant, fire-retardant, UV-resistant, and electrically insulated. They provide a wide range of fittings such as bends, tees, reducers, coupler plates, expansion plates, hold-down clamps, and covers. Their products are suitable for industrial, commercial, and chemical environments, and they also manufacture custom FRP cable ducts and GRP covers with access hatches and walkways according to client requirements. EBOMAC is a well-established Kuwaiti company providing medium and low voltage switchgear as well as cable trays. They focus on quality, local support, and tailor-made solutions for electrical contractors and industrial projects, ensuring compliance with local regulations and testing standards. Almeer Industries offers high-quality cable tray systems for power distribution and communication cables, suitable for commercial and industrial construction. Their trays are designed for easy installation and future expansion, making them ideal for projects where wiring changes are anticipated. Keplic provides cable management solutions in Kuwait, including cable trays, though specific product details are limited on their website. Bahman Group operates one of the largest cable tray manufacturing facilities in Kuwait, producing GI cable trays, ladders, trunking, and enclosures for local projects and infrastructure. Their products are approved for major government and institutional projects, including hospitals and universities, and they offer cost-effective solutions for the GCC market.
