

Labor cost for installing the household electrical distribution box

Overview

The labor cost to install an electrical supply box typically ranges from \$500 to \$1,500, depending on the complexity of the project and local rates. Key cost drivers include panel amperage, indoor vs outdoor location, wiring length, and whether a full panel upgrade or rerouting is needed. Understanding the specific factors that influence these. Buyers usually pay for a standard 4-inch square or single-gang metal box, with basic wiring, often totaling around \$60-\$180 for the box plus \$85-\$125 per hour for labor. For larger projects such as a multi-gang box setup or a feed-through box with additional breakers, costs commonly range from \$200. Electrical prices average from \$150 to install a switch, \$200 to install an outlet, \$465 to install a lighting fixture. Electrical panels cost about \$1,100 to upgrade or replace and \$1,300 to install. Find detailed electrical work prices.
