

Laos PoE Switch 400G Available Now

Overview

AirLive POE-GSH2404M-400 is an L2+ managed 28-port Gigabit PoE+ switch including 24 PoE ports and 4 Gigabit SFP/TP combo ports with high 400W PoE power. 3at/af compliant of up to 30W, automatically adaptive. It supports comprehensive SNMP management function such as IGMP Ring. PoE Switches deliver power and data over one Ethernet cable, simplifying installation for devices like IP cameras, VoIP and access points. Omada provides high-power PoE+ and PoE++ models, available in both managed and unmanaged versions from 4 to 48 ports. What is a PoE Switch?

A PoE network switch. Compact, powerful, and ready to simplify your 10 Gigabit network setups with 4x10G Ethernet ports ready to use out-of-the-box. The switch complies with IEEE 802.3af/at (PoE+), the total PoE power budget can be up to 390W which is adequate to power supply for HD IP camera and Gigabit wireless. TRENDnet PoE Switches save you on equipment costs & installation time by delivering both data & power over one set of Ethernet cables. A wide variety of PoE switches are offered with varying port counts, speeds, switch classes, & features. This switch is perfect for small to medium-sized businesses and home networks that require efficient and reliable power delivery alongside data transmission, particularly for.
