

Lithuanian direct-buried optical cable manufacturer

AI Overview

Lietkabelis is the primary Lithuanian manufacturer of fiber optic cables suitable for direct-burial applications. Lietkabelis is a leading cable manufacturer in Lithuania, recognized for producing a wide range of high-quality optical and power cables for European and global markets (<https://>) . The company develops technological processes for cable production and emphasizes innovation, safety, and client-specific solutions. Their product portfolio includes fiber optic cables designed for outdoor and underground installation, which are suitable for direct-buried applications due to their robust construction and environmental resistance.

Other Relevant Companies

While Lietkabelis is the main manufacturer, other Lithuanian companies provide complementary fiber optic solutions:

Mainsec: A distributor of telecommunications solutions, including fiber optic cables, collaborating with leading vendors to supply innovative products across the Baltic region (<https://ensun.io/search/fiber-optic-cable-manufacturing/lithuania>) . They may offer direct-buried cable options through partnerships with manufacturers.

Workshop of Photonics (WOP) and Altechna: Specialize in precision fiber processing and optical components, which can support custom fiber optic cable solutions, though they focus more on laser optics and fiber end caps rather than full cable assembly (<https://ensun.io/search/fiber-optic-cable/lithuania>) .

Teltonika Networks: Primarily a connectivity equipment manufacturer, offering Ethernet and networking solutions, but not directly producing direct-buried fiber optic cables (<https://ensun.io/search/fiber-optic-cable-manufacturing/lithuania>) .

Summary

For direct-buried optical cables in Lithuania, Lietkabelis is the most authoritative and established manufacturer, providing durable, high-quality fiber optic cables suitable...
