

Micro-modular data center construction brand

Overview

Some of the top manufacturers of modular data centers include HPE, IBM, Eaton, Schneider Electric, Huawei, Dell, Vertiv, and others. Which companies are leading the field for modular data centres?

Discover the top 10 companies driving the future of modular data centres with innovative, scalable and sustainable infrastructure solutions As computing demands surge, modular data centres are redefining how infrastructure is built. Modular data centers represent a transformative approach to the design, deployment, and management of data storage and processing facilities. Unlike traditional data centers, which are typically custom-built and require extensive planning and construction, modular data centers are prefabricated. Micro and modular data centers offer businesses and organizations an agile, scalable, and cost-effective solution to meet growing IT demands. These firms create prefabricated data centers—quick, efficient setups designed for various industries. Mordor Intelligence expert advisors conducted extensive research and identified these brands to be the leaders in the Modular Data Center industry. Every success we celebrate is built on the dedication, creativity, and hard work of the people who make Northstar.

Modular Data Centers That Propel Innovation

The traditional data center tipping point While advancements in artificial intelligence, edge and high-performance computing help drive innovation across industries, they also put the squeeze on

Top 10 Modular Data Centre Companies (2025)

Top 10 Modular Data Centre Companies (2025) Who leads them, what makes them tick — and who's about to blow the market wide open? 1.

Top 26 Modular Data Center Construction Companies

Uncover the modular data center construction companies, including Cannon Technologies and Data Specialties, shaping the future of IT infrastructure.

Modular Data Center Market Size | Industry Report, 2030

Modular Data Center Market Summary The global modular data center market size was estimated at USD 29.04 billion in 2024 and is anticipated to reach USD

Micro and Modular Data Center Construction

Whether you need a small-scale on-premise data center or a modular solution for rapid deployment, our expert construction and engineering services ensure reliable performance and long-term success.

Top 10: Modular Data Centre Companies

Here we highlight the top 10 companies leading the modular data centre revolution, ranked by market leadership, innovation, global scale and

Modular Data Center Market Size & Strategic Opportunities 2032

Global Modular Data Center Market Report Overview The Global Modular Data Center Market was valued at USD 35,181 Million in 2024 and is anticipated to reach a value of USD 128,699 Million by

Top 100 Modular Data Center Construction Companies

Modul Data Center specializes in modular data center construction, offering secure and resilient solutions designed to enhance availability and safety while

Top 7 Modular Data Center Manufacturers

Some of the top manufacturers of modular data centers include HPE, IBM, Eaton, Schneider Electric, Huawei, Dell, Vertiv, and others.

Modular Data Centers: Prefabricated Containers and

Modular data centers are pre-engineered, prefabricated, and standardized buildings, equipped with power and cooling, that house servers

The Modular Data Center Ultimate Guide

A modular data center is a quick, flexible, and cost-effective way to boost your data storage. Using prefabricated

Modular Data Centers: What They Are and What They

The modular data center construction process is almost always far less costly than that required for a traditional data center —data centers are not

Modular Data Center Market Size, Share and Forecasts 2031

The Modular Data Center Market was valued at USD 28.3 billion in 2024 and is expected to reach USD 74.6 billion by 2031, growing at a CAGR of 14.8%.

Supermicro unveils modular data center solutions

In other recent news, Super Micro Computer has announced a significant \$20 billion multi-year partnership with DataVolt, a data center firm based in Saudi Arabia.

100 companies for Modular Data Center Construction

Modular data center construction involves the use of prefabricated modules that can be easily assembled on-site. This approach allows for faster deployment and

EcoStruxure™ Modular Data Center | Schneider Electric

Transforming data center design and construction, modular data centers conquer space challenges and support quick scaling in industrial environments.

Micro modular data center

It adopts factory prefabricated modular components and unified interface standards to achieve fast and flexible deployment of data centers, significantly reducing

Micro Data Centers: A Practical Guide for Small IT Teams

Micro data centers offer a compact, cost-effective alternative to traditional facilities, bringing critical compute and storage closer to where it's

Micro-modular data centers set to multiply

Edge computing is driving demand for micro-modular data centers, which are prefabricated IT facilities encapsulated in their own protective shell.

Top 7 Modular Data Center Companies: VMR Analyst Evaluation

Explore the Modular Data Center market leaders. Our Senior Analysts evaluate Schneider, Vertiv, and Huawei based on PUE efficiency, CAGR, and Edge AI scalability.

Modular Data Center Guide: Types & When It Wins | ModulEdge

Modular data centers: 5 form factors, what's inside, economics, and when prefabricated wins over traditional builds for 30 kW–8 MW workloads.

Modular Data Centers: When They Work, and When

Modular data centers offer fresh opportunities for the industry, but that doesn't mean they are right for every occasion.

Evolution of Data Center Design: Modular Construction ...

Discover how modular design transforms data centers, enhancing efficiency and sustainability in urban landscapes.

Modular Data Center Market Size & Growth Drivers

Modular Data Center Market Size & Share Analysis - Growth Trends and Forecast (2026 - 2031) The Modular Data Center Market Report is

What Are Micro Data Centers and Why Are They

In this guide of gbc engineers, we'll explore the fundamentals of micro data centers, their components, benefits.

ETN News | Energy Storage News | Renewable Energy

ETN news is the leading magazine which covers latest energy storage news, renewable energy news, latest hydrogen news and much more. This magazine

How Much Does It Cost to Build a Micro Modular Data Center?

A Micro Modular data center is a self-contained, pre-built IT solution that packs everything you need—servers, power backup, cooling, security, and monitoring.

What are Modular Data Centers and How Can They Help?

Given these barriers to data center construction, it's no surprise that some companies are redirecting their resources to install modular data centers.

Modular Data Center Companies

This report lists the top Modular Data Center companies based on the 2023 & 2024 market share reports. Mordor Intelligence expert advisors conducted extensive
