

# **New Intelligent Integrated Power Distribution Box**

## **Overview**

SP-JP intelligent low-voltage integrated distribution box is a distribution transformer integrated distribution cabinet integrating power distribution, metering, protection (overload, short circuit, leakage, overvoltage, undervoltage and phase shortage, etc. It has two or more functions of metering. Our intelligent and mechanical boxes in the area of power and data distribution offer modular solutions for all voltage levels and at the same time optimize functionality - for maximum efficiency with maximum safety. As a pioneer of the power and data distribution of the future, LEONI always keeps. Smart Distribution Box Solution Powered by KinCony B32M + B16M Controllers The KinCony Smart Distribution Box is a professional intelligent electrical control solution designed for smart homes, villas, apartments, offices. Smart Distribution Box Solution Powered by KinCony B32M Controller + N30. For the Terra Felis 3, the world's most modern beet cleaning loader, Würth Elektronik ICS developed a central electrical system that sets new standards. Komatsu upgraded the user-friendliness and functionality of its products with individually developed solutions from Würth Elektronik ICS.
