

New Price Quote for Alloy Cable Trays

AI Overview

You can obtain current alloy cable tray prices and request free quotes from multiple suppliers through B2B platforms and industrial marketplaces. Current Pricing Overview Alloy cable trays, including aluminum, zinc-aluminum, and perforated types, are available in a wide range of prices depending on material, size, and volume. On B2B platforms like Alibaba, prices can range from \$0.80 to over \$76 per unit, with bulk purchases offering lower per-unit costs and higher ROI potential for large projects. Retail or smaller-scale purchases may cost between \$15 and \$34 per unit, but these are typically aimed at smaller consumers rather than industrial buyers.

Supplier Options and Quote Requests IndustryNet allows you to submit a Request for Quote (RFQ) to multiple qualified suppliers at no cost. You can request quotes for various cable tray types, including ladder trays, wire mesh trays, tray covers, and accessories. The platform reviews your inquiry to ensure accuracy and maximizes supplier responses, typically within one business day. Alibaba provides direct access to manufacturers and suppliers offering CE-certified ventilated, ladder, and perforated alloy cable trays. You can filter by size, material, and certification to get tailored pricing. McMaster-Carr and RS offer a wide selection of cable trays with same or next-day delivery options. While these platforms are more retail-oriented, they provide detailed specifications and pricing for immediate purchase.

Recommendations for Obtaining a Quote Specify your requirements: Include material type (aluminum, zinc-aluminum, stainless steel), tray dimensions, load capacity, and quantity.
