

Price of charging station distribution boxes in Cambodia

Overview

On August 1, 2023, the Ministry of Public Works and Transport first established charging service pricing at 1,600 riel/kWh ($\approx \$0$). The ministry stated this pricing policy aimed to achieve “sustainability, efficiency, and accountability in charging services.” Recently, Cambodia's electric vehicle charging network construction has experienced explosive growth—three new charging stations on the Phnom Penh-Sihanoukville Expressway connecting the capital Phnom Penh to Sihanoukville have officially opened, marking Cambodia's green transportation entry into. Electric vehicle charging | Electric vehicle charging stations | !This dataset provides a comprehensive list of all available Electric Vehicle (EV) charging stations across Cambodia. Some stations, the charging price is listed as "Null". This indicates that pricing may vary depending on the specific station or is currently unavailable. You can change the location. Our EV charging programs enable rewarding collaborations with real estate developers, commercial building managements, as well as residential property managements and owners.
