

Price of fiber optic cable drop clamps for iron towers

AI Overview

Fiber optic drop cable clamps for iron towers typically range from \$0.50 to \$5 per unit, depending on material, type, and supplier.

Types and Materials

- Stainless Steel Clamps** Designed for aerial FTTH installations and dead-end applications. Corrosion-resistant, UV-resistant, and durable for outdoor use. Example: ODWAC-22 stainless steel clamp, suitable for suspending or tensioning flat fiber drop cables, offers tool-free installation and long service life. Price range: \$2-\$5 per clamp for wholesale orders, depending on quantity and supplier.
- S-Type or Insulated/Plastic Clamps** Made from UV-stabilized thermoplastic or composite materials. Provide insulation against electrical surges and reduce load on support wires. Commonly used for residential or small office drop cable installations. Price range: \$0.50-\$2 per clamp, depending on size and material.
- Nylon or Composite Flat Cable Clamps** Lightweight, corrosion-resistant, and suitable for high-density installations. Often used in FTTH or ADSS networks for multiple cable bundles. Price range: \$1-\$3 per clamp.

Factors Affecting Price

- Material:** Stainless steel is more expensive than plastic or nylon.
- Design:** Wedge-type or adjustable tension clamps cost more than simple fixed clamps.
- Quantity:** Bulk orders reduce per-unit cost.
- Supplier:** Direct manufacturers like Bativ or TUOLIMA offer competitive wholesale pricing and global shipping.

Procurement Tips

- Request quotes from multiple suppliers to compare prices and lead times.
- Consider environmental conditions (UV exposure, corrosion, temperature) when selecting material.
- Ensure clamps are tested for tensile strength, aging, and weather resistance to maintain network reliability.
- OEM options are available if custom specifications are required.

In summary, for iron tower installations, stainless steel clamps are preferred for durability, while plastic or S-type clamps are cost-effective for lighter loads. Prices g...
