

Price of plastic cable trays in Bahrain

AI Overview

PVC cable trays in Bahrain typically range from BHD 5 to BHD 50 per unit, depending on size, type, and supplier. Overview Plastic or PVC cable trays are widely used in Bahrain for organizing and protecting electrical cables in commercial, industrial, and residential settings. They are lightweight, corrosion-resistant, and easy to install, making them a cost-effective alternative to metal trays. PVC trays are available in various sizes, shapes, and configurations, including perforated, solid, and wire mesh designs, to suit different applications. Price Range Small under-desk or home-use trays (e.g., 31.5 inches long, 3.5 inches wide) are available online for around BHD 5–10 per tray, often sold in packs of two. Standard commercial or industrial PVC trays for larger installations can range from BHD 15–50 per meter, depending on width, thickness, and load capacity. Prices may vary based on supplier, customization, and delivery options, and bulk purchases often receive discounts. Suppliers in Bahrain PVC Cable Tray Manufacturers: Offer a wide range of sizes and configurations for industrial and commercial projects, with options for perforated or solid trays. Bahrain Switchgear & Lighting Industries (BSLI): Provides cable trays and trunking with competitive pricing, though specific quotes require contacting their sales team. Bahra Electric: Supplies both metal and non-metallic cable trays suitable for commercial and institutional environments. Online Retailers: Platforms like WhizzCart sell smaller PVC cable trays for home or office use, with prices including shipping and handling. Buying Tips Determine the load and cable type to select the appropriate tray size and thickness. Check for perforated vs solid trays: perforated trays allow ventilation, while solid trays provide better protection against dust and liquids. Request quotes from multiple suppliers for bulk or custom orders to get the best price. Consider installation accessories such as brackets, connectors, and clips, which may affect the total cost. PVC cable trays in Bahrain offer a durable, low-maintenance, and budget-friendly so...
