

Price of professional cable trays in Poland

AI Overview

Cable trays in Poland range from approximately \$0.80 to \$76 per unit depending on type, material, and purchase volume. Price Overview Cable tray prices in Poland vary widely based on material, design, and supplier. Typical price ranges include: B2C retail prices: \$15 to \$34 per unit for standard trays, such as perforated or solid-bottom types, suitable for small-scale installations. Wholesale/B2B prices: \$0.80 to over \$76 per unit, depending on bulk orders, tray size, and material (galvanized steel, stainless steel, aluminum, or fiberglass). Specialized trays: Halogen-free or fire-resistant trays, such as Noryl or Betaduct, are used in tunnels, railways, and industrial applications, often commanding higher prices due to compliance with strict safety standards. Types and Materials Polish suppliers offer a variety of cable trays: Ladder-type trays: High load-bearing capacity and ventilation, ideal for industrial installations. Solid-bottom trays: Provide superior protection for sensitive cables. Wire-mesh trays: Lightweight, flexible, and suitable for data centers or commercial buildings. Materials: Steel (galvanized or stainless), aluminum, and fiberglass, with steel dominating due to strength and fire resistance, while aluminum is preferred for corrosion resistance and lighter weight. Suppliers in Poland Key suppliers and manufacturers include: DACPOL: Offers Noryl, Betaduct, and Iboco trays for industrial and rail applications. Brilltech Engineers: Provides galvanized steel, stainless steel, and fiberglass trays with installation support and system design services. Other manufacturers: Realcable, VALDINOX, EASYCONNECT, and Kasmetal supply a range of cable trays and accessories for industrial and commercial projects. Market Context The Polish cable tray market is growing due to industrial modernization, energy transition, and public infrastructure projects. Demand is con...
