

Quote from Western European Distribution Box Rail Manufacturers

AI Overview

Western European manufacturers such as E-Abel, Italtronic, and Rittal offer DIN rail distribution boxes with customizable options for industrial and railway applications. Key Manufacturers and Suppliers

E-Abel (Belgium) provides a wide range of electrical enclosures, cabinets, and distribution boxes in stainless steel, aluminum, and galvanized painted steel. They emphasize easy installation, accessibility, and flexible engineering solutions, and their sales team can provide pricing and delivery information upon request.

Italtronic (Italy) specializes in DIN rail enclosure boxes for rail and industrial applications, offering modular designs suitable for EN 60715 TH35 rails, with options for ventilation, multiple module widths, and interior configuration flexibility.

DirectIndustry Listings feature over 200 DIN rail enclosures from leading brands like ELMA, RITTAL, and OKW, including aluminum and plastic enclosures, modular systems, and optional bus integration for energy distribution.

RailMarket Europe lists component producers such as MasperoTech, OFFICINE MECCANICHE BBM SPA, and DAKO-CZ, which supply customized fabricated parts, enclosures, and components for railway rolling stock, suitable for integration with DIN rail systems.

Requesting a Quote To obtain a quote from these manufacturers:

- Identify your requirements: Specify the enclosure size, material, number of modules, DIN rail type, and optional features such as ventilation, bus systems, or terminal guards.
- Contact the supplier: Use the contact forms or sales emails provided on the manufacturer websites (e.g., E-Abel, Italtronic, DirectIndustry).
- Provide project details: Include quantity, delivery location, and any customization needs to receive an accurate quotation.
- Compare options: Evaluate pricing, lead times, and technical support across multiple suppliers to select the best fit for your project.
