

Singapore cable tray support quotation

AI Overview

You can obtain cable tray quotations in Singapore from multiple suppliers offering a wide range of industrial and commercial cable management solutions. Key Suppliers and Options RS Components Singapore RS Components offers a variety of cable trays made from steel, aluminium, and stainless steel, suitable for power, data, and communication cables. Their trays are modular, easy to install, and comply with international standards such as IEC and NEC. You can browse products and request a quotation directly through their website for specific sizes, load capacities, and materials. United U-Li Projects Pte Ltd Established in 2009, United U-Li Projects provides high-quality cable trays, ladders, trunkings, conduits, and floor trunking systems for industrial and commercial projects. They cater to diverse industries and can provide tailored quotations based on project requirements. NEXE NEXE supplies cable trays and ladder systems with detailed specifications available online. They offer an option to request a quote for your project, making it convenient to obtain pricing and technical details for different tray types. Ferrotech Ferrotech offers a wide range of cable trays including perforated, ladder, FRP, and wiremesh trays. Their products are designed for efficient cable management and can be customized to meet project-specific requirements. Quotations can be requested directly through their website. Considerations for Quotation Requests Material and Finish: Choose between pre-galvanised steel, electro-galvanised steel, stainless steel, or FRP depending on environmental conditions. Tray Type: Ladder, perforated, wiremesh, or solid-bottom trays depending on cable type and airflow requirements. Load Capacity and Size: Ensure the tray supports the weight and volume of your cables. Provide specifications to suppliers for accurate pricing. Compliance: Confirm that trays meet local and international standards relevant to Singapore projects. Project Scope: Include the total length, number of fittings, bends, and installation requirements to...
