

Taiwanese brand electrical distribution box

AI Overview

Taiwan hosts several reputable manufacturers of electrical distribution boxes, including E-tan, ZCEBOX, and Shining E&E Industrial, offering a range of low-voltage and industrial enclosures with global certifications. Leading Manufacturers E-tan is a Taiwanese company with over 25 years of experience in producing industrial enclosures, electrical boxes, junction boxes, and control boxes. Their products include plastic enclosures with high ingress protection (IP68), suitable for harsh environments such as marine, renewable energy, and water treatment applications. E-tan provides precise machining services and various accessories to meet customized requirements. ZCEBOX specializes in low-voltage electrical products, including distribution boxes, junction boxes, MCBs, and consumer units. They offer professional OEM and ODM services, and their products comply with ISO9001, CE, ROHS, IK, and HF standards. ZCEBOX has a global presence, serving customers in over 100 countries, and focuses on high-quality, factory-direct solutions. Shining E&E Industrial, founded in 1978, manufactures terminal blocks, fuse holders, power distribution blocks, and switch-boxes. They provide a wide range of electrical components for industrial and commercial applications, including waterproof and outdoor-use switch-boxes. Industry Overview Taiwan also hosts a variety of other electrical equipment and parts companies, such as Walsin Lihwa Corp, Voltronic Power Technology, Phihong Technology, and Hong Tai Electric Industrial, which may offer distribution boxes or related electrical enclosures as part of their product lines. Additionally, platforms like AllProducts.com list multiple Taiwanese manufacturers and suppliers of distribution boxes and panels, providing a convenient way to compare products and suppliers. Key Considerations When selecting a Taiwanese el...
