

UAE Fireproof Cable Tray Factory Source

AI Overview

Several UAE-based manufacturers provide high-quality fire-resistant cable trays, including West Port, Hutaib Electricals, Unigroup, Metar, and Ruwais Steel. Key Manufacturers and Suppliers

1. West Port West Port offers fire-resistant cable trays designed to maintain structural integrity under high temperatures. Their systems focus on heat resistance, flame propagation limitation, and smoke control, making them suitable for evacuation routes and critical infrastructure. They also provide specialized accessories like separators and wire mesh trays to localize fire sources and enhance safety.
2. Hutaib Electricals Hutaib Electricals supplies a wide range of cable trays, including fire-resistant options. Their products include ladder-type, perforated, wire mesh, and solid-bottom trays, catering to heavy-duty, IT, and sensitive cable applications. Fire-resistant trays are particularly important in high-rise buildings to prevent overheating and reduce fire hazards.
3. Unigroup Unigroup manufactures cable trays in the UAE to international standards, offering advanced fire and corrosion resistance. Their product line includes perforated, ladder-type, wire mesh, and GRP (Glass Reinforced Polyester) trays. GRP trays are lightweight, non-conductive, and resistant to heat, making them ideal for fire-sensitive environments.
4. Metar Metar specializes in steel cable tray systems for commercial and industrial projects. Their trays are engineered for structural integrity, corrosion resistance, and fire safety, supporting both light and heavy electrical loads. Perforated designs provide ventilation to prevent overheating, while solid or enclosed options offer additional fire protection.
5. Ruwais Steel Ruwais Steel provides a pan-UAE presence with a variety of cable trays, including powder-coated, stainless steel, galvanized, and hot-dip galvanized options. Their manufacturing process adheres to ISO 9001:2008 standards, ensuring fire-resistant and durable cable management solutions suitable for industrial and construction projects.
