

Which fireproof cable tray manufacturer in Southern Europe is the best

AI Overview

Top fireproof cable tray manufacturers in Southern Europe include Meka Pro, Basor Electric, Vergokan, DKC, and Spina Group, each offering certified, high-quality fire-resistant systems. Leading Manufacturers Meka Pro (Italy) specializes in fire-resistant cable support systems tested according to EN 1363-1 standards. Their portfolio includes over 1,200 fire-tested products, ensuring electricity supply continuity during fires and minimizing toxic gas emissions. Meka emphasizes compliance with international standards and proper installation by qualified personnel, making it a reliable choice for critical infrastructure projects. Basor Electric (Spain) focuses on maintaining circuit integrity under fire conditions. Their cable trays are rigorously tested to ensure functionality of emergency systems such as smoke extractors, fire alarms, and emergency lighting. Basor Electric adapts solutions to local regulations and provides guidance for selecting the ideal system based on required fire duration. Vergokan (Netherlands/Belgium) offers fire-resistant systems (E30, E60, E90) that maintain structural support during fires. Their products comply with DIN 4102 part 12 and are designed for easy installation while ensuring continued operation of facilities in fire scenarios. DKC Europe (Italy) provides a broad range of cable tray systems for civil and industrial infrastructures. While not exclusively focused on fireproof trays, DKC offers certified solutions and technical support for safe and efficient installations. Spina Group / Schiavetti Tekno (Italy) manufactures stainless steel, galvanized, and wire-mesh cable trays with high strength, corrosion resistance, and compliance with EN and UL standards. Their closed-bottom trays are particularly suitable for environments requiring cable insulation and fire safety.

Key Considerations

Fire Resistance Certification: Look for EN 1363-1, DIN 4102, or equivalent certifications....
